POLICE COMMISSION REPORT

Commissioner Sanchez commented on the fact that the Giants held their opening season game this past weekend; the San Francisco Police, and the Mounted Unit which is part of the honor guard, did a fine job, and we are assuming that participation and collaboration with the security people of the Giants and others will be maintained along with the Muni Transit as that was a problem last year. So, well done, to Captain Philpott or to the Command Post out there on opening day.

Commissioner Murphy wanted to report that she received one hundred and eight applicants for Director of the Office of Citizen Complaints and that some of them are very outstanding and some of them aren't, a great many are very well qualified, maybe not for the Director but also for the Senior Investigator and Investigator positions. I'm very pleased that we have also set up a time limit when we will be interviewing those successive candidates.

So we hope that very shortly we can make an appointment.

Commissioner Sanchez commented on the fact that there has been a great deal of discussion over the past several meetings about traffic enforcement in residential areas. "Especially we have received letters from the Blind Association and others where cars that have been parked on the sidewalks and etc., which is a hazard and is a violation of the code that is not being enforced. And we just want to remind the Department again. I know the Department did send out notifications to the precincts, and the precincts in essence are giving the people at least advance notice that parking on the sidewalk is an enforceable regulation and we still get numerous complaints pertaining to that."

CHIEF'S REPORT TO THE POLICE COMMISSION

The Chief had no report for the Commission tonight.

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE FUNCTION OF SURVEYING PARKING ZONES BE TRANSFERRED TO THE DEPARTMENT OF PUBLIC WORKS, TRAFFIC ENGINEERING

Commissioner Sanchez said the Commission would like this matter to be held off calendar until we bring it back on and/or when Commissioner Nelder is here. "I did meet with Jeff Lee today who is Director of Public Works, pertaining to this matter."

RECOMMENDATION OF THE AWARDS COMMITTEE (APPROVED PRESENTATION HEARING, MAY 11, 1983).

Commissioner Toler said "I was privileged once again to chair the meeting of the awards committee which was Friday, April 1, 1983. It is with pleasure that I recommend that members of this Department be awarded medal of valor awards for certain outstanding police work. It sure makes me proud when I hear the account of the incident in which these fine officers did perform on a given day at a given time. At this time we will recommend to the Commission that the Police Officers who were singled out last week receive six silver medals, eleven bronze and five meritorious conduct awards."

RESETTING OF DISCIPLINARY HEARINGS AGAINST OFFICERS
EUGENE E. KALININ, LOUIS P. TERCERO AND WILLIAM A. TERCERO

Commissioner Sanchez wanted the Attorney to fully understand the fact that the Commission realized the busy schedule of the attorneys representing our officers and we try to accommodate them but, at the same time this is a public body, all of us have other responsibilities. This is an important part of public service for the City and it is very difficult, given the amount of hearings, we have to have a constant five members always here for all of the hearings and all of the meetings scheduling or whatever so that variably should be taken into consideration and the Commission will proceed accordingly and you can relay that to Mr. Bley and to Mr. Bryar.

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE POLICE
COMMISSION ISSUE A TAXICAB PERMIT TO THEODORE EUGENE GRAY

Commissioner Nelder asked Officer Lamont Suslow from the Department's Permit Section as to how Mr. Gray reached this position. Officer Suslow stated that there was an existing permit holder who died and Mr. Gray was next up on the existing taxi permit list. Mr Gray was notified, he filled out the application forms, and is now appearing before the Commission this evening.

Mr. Gray said he has been in the Taxi Cab business for about 10 years, that he has been driving for Luxor Cab since about 1975 and that he has been hoping for this since 1979 when he got up about 4:30 in the morning, came down to the Hall of Justice and stood in line. He said he would be operating in association with Luxor Cab.

The Commission then approved the granting of the permit to Mr. Gray by adopting the following resolution:

RESOLUTION NO. 507-83

APPLICATION FOR CERTIFICATES OF PUBLIC CONVENIENCE AND
NECESSITY FOR THE OPERATION OF TAXI CABS - APPROVED

WHEREAS, the below-named person applied to The Police Commission for a declaration by the Commission of Public Convenience and Necessity for the issuance of permits to operate a taxicab in the City and County of San Francisco; and

WHEREAS, this matter came on for hearing before the Police Commission of the City and County of San Francisco on February 11, 1981 and hearings continued at intervals until and including October 28, 1981; and

WHEREAS, prior to the emergence of Proposition "K" there were approximately 711 taxi cab permits in the City and County of San Francisco; and

WHEREAS, the Police Commission has set the number at 711 taxi cab permits for the City and County of San Francisco; and

WHEREAS, the Commission has been advised by the Permit Section that the number of taxi cab permits has recently decreased to 710 and should be raised to the original level of 711; therefore be it

APPROVAL OF CONSENT CALENDAR (APPROVED WITH NOTED TRAFFIC CHANGES)

Sergeant John Newlin from the Department's Traffic Survey Division said that they would like Item No. 22 dropped permanently as a new Company has moved in at that location and is utilizing that particular suggested revocation and additionally they would like to alter the added item, Din's House of Produce, and change it to a 22' foot SPECIAL TRUCK LOADING ZONE that would extend from 54' to 76' west of Mission Street instead of the proposed 44' Special Truck Loading Zone.

Commissioner Nelder brought to the Sergeant's attention that the Commission had received some Communications in the form of a protest on the Dino DiJohn matter and asked if the Sergeant was familiar with it.

Sergeant Newlin said that he was familiar with the issue and that he met here tonight with several Community people and also with some merchants in the area and it was agreed upon that the above provisions would be tried and if there were any abuses the Traffic Survey Division would look into it and re-negotiate the installation.

Commissioner Nelder said that since Sergeant Newlin had not had the opportunity to review the letter of protest submitted to the Commission he would give the letter to the Sergeant for his perusal and move that the matter be continued for one week.

It was seconded by Commissioner Toler and unanimously approved for a one week continuance.

POLICE COMMISSION REPORT

Commissioner Sanchez said that under the Police Commission Report the Commission will have a small discussion on a topic that the Commission would like to set for Public Hearing and discussion at a later date. He said this was the issue of the Taxi Cab permits and what options this Commission may in fact consider. He said for those here this evening the Commission approved a permit for an applicant who had stood in line in 1979 and was #30 on the list and finally received his permit earlier this evening.

He said the Commission has an on-going concern about this. He said the Commission would like to explore the option of developing a permanent list so that those persons who are hopeful of getting a permit would not have to go through the trauma of camping out for several nights to get a preferred position in line hoping to place themselves first on a list or somewhere near the top in hopes of getting a cab permit.

He said as a result of this he had asked the City Attorney about a week ago to explore all options, because the Commission knew there was a new list being generated, and present his findings to the Commission so that the Commission could be aware of any changes in the Administration.

He said, "so, as a result, Mr. Steve Diaz of the City Attorney's Office has a recommendation to be presented to the Commission this evening which will not be for public discussion but it will be calendared in the next two weeks for public discussion with input from those applicants on whether they would agree to disagree with the recommendations of the City Attorney's Office after which the Commission will then weigh those thoughts and attempt to arrive at an equitable solution."

Mr. Diaz came to the microphone and stated to the Commission that there is only one list of applicants for taxi cab permits and that it is within the discretion of the Commission to decide whether that list will expire periodically or whether that list will continue on from one public convenience and necessity hearing to another in such form that each applicant will be considered until there is public convenience and necessity for the issuance of the permit for which they have applied. He said the Commission of course has to decide as a matter of policy which particular means of enforcing the Statute it will adopt.

He said the City Attorney's legal opinion is at the discretion of the Commission to either stay with the existing policy or to change to the new proposal which would allow the Commission to have the list commence in 1979, or when the first person who has an application on file applied, as opposed to some later time. He said the City Attorney's advice also is that prior to adopting a new resolution or determining to stay with the existing policy that the Commission should hold public hearings prior to making any such determination.

Commissioner Nelder said that he would make a motion to calendar this matter for the 27th of April for Public Discussion and consideration. The motion was seconded and unanimously approved.

Thereafter, Commissioner Sanchez announced that the Police Commission had met this date in Executive Session and that no vote was taken.

CHIEF'S REPORT TO THE POLICE COMMISSION

Chief Murphy said the Chief's report tonight would be on the crime statistics for January 1, 1983 to April 17, 1983 as compared to the same period of last year.

He said in that regard, the City has has 20 homicides this year compared to 39 last year, a reduction of 48.7%, rapes are down 1.3%, robbery City wide is down 18.1%, and in the Tenderloin it is down 9%, the Western Addition it is down 3.2%, and in the South of Market 15.6%. He continued by saying that aggravated assault is down by 4.8%, burglary down 22% City wide, larceny 1.2%, purse snatches are down 38.4% City wide, and auto theft down 4.9% but overall, is down 8.4%. He said crime on the Muni for the year to date City wide as of Monday morning, was down 39.9%.

POLICE COMMISSION REPORT

The Police Commission presented no report in this meeting.

CHIEF'S REPORT TO THE POLICE COMMISSION

The Chief read for the record the following report.

TO: ALL PERSONNEL

SUBJECT: CHIEF'S POLICY ON EXCESSIVE FORCE COMPLAINTS

"There has recently been some public discussion suggesting that the use of excessive force is tolerated and sometimes even encouraged in this Department. Without lending credence to any specific allegations, I want to clearly enunciate to all members, my policy regarding the use of force."

One of the things that separates police officers from all other civil professional groups is that we sometimes must use physical or even lethal force to accomplish our professional objectives. I understand that; and I will defend to the limit any officer who is attacked for using force legitimately.

Nonetheless, repeated allegations of excessive or unwarranted force can undermine public confidence in a police department and adversely affect the morals and efficiency of its members; sustained allegations can destroy that confidence and efficiency.

I want to make it abundantly clear that I will not allow the good reputation of this Department and those dedicated officers past and present who built that reputation to be tarnished by any officer who engages in the use of excessive force.

Therefore, as a matter of policy in all sustained cases of excessive force, I will file formal charges to be heard by the Police Commission, and if warranted, I will recommend in proved cases that termination from the Department is imposed as a penalty. Additionally, when circumstances dictate, I will direct that separate command investigations be made which could result in the filing of criminal charges.

Furthermore, any officer, regardless of rank, who condones the use of excessive or unwarranted force by another officer, or having observed such an incident, fails to report it, will be subject to the same disciplinary action as the offending officers.

It is not my intention in this memorandum to criticize or indict the vast majority of the members of our Department who under very trying conditions do all the unsung and distasteful jobs which make this City safer, but I and they don't want, and will not tolerate, the abuses of a few."

Afterwards, Commissioner Nelder said he would like to make a motion to support the Chief in his quest to reduce any type of excessive force by San Francisco Police Department Officers that may be committed on the citizens of San Francisco.

He then said to the Chief to keep up the good work, that the Chief was doing a fine job in this area and the Commission commends him for doing so.

Commissioner Murphy seconded and it was unanimously approved.

The Commission was advised that there were 25 people signed up to speak against the current policy and 15 people in favor on continuing the current policy as is.

Commissioner Sanchez then verbally, reviewed the Commission's position in regards to its policy Resolution No. 1026, the administration of the policy by the Police Commission since its adoption and thereafter asked for the Deputy City Attorney's, Mr. Steven Diaz, to make a presentation and respond to subsequent questions by the Police Commissioners.

Mr. Diaz, in his address to the Commission, stated that the Commission has the latitude to proceed with the policy adopted in December or to proceed with suggested change in policy as it deems appropriate. He said he believed the court would allow the Commission the discretion to pursue that policy which the Commission believes it in the public interest.

Therefore, he said his advice to the Commission is that if it wishes to consider that matter again, it may clearly do so, and if it is the Commission's desire to change that policy, it may do that also. He said that his previous advice to the Commission regarding this policy now stands corrected.

Mr. Diaz then answered many questions from the Commissioners on this matter thereafter, Dr. Sanchez asked the Secretary of the Commission to call those persons who had signed up to speak and have then indicate whether they were speaking against or for, and explain their reasons. The speakers were as follows:

REQUEST FOR A SUPPLEMENTAL APPROPRIATION IN THE AMOUNT OF \$2,579,445 TO FUND PROJECTED SHORTAGES IN THE PERSONAL SERVICE AND THE MANDATORY FRINGE BENEFITS ACCOUNTS

Deputy Chief Shannon advised the Commissioners that the reason for this supplemental is that last year it was required that the Department have a 2½% salary savings in anticipation that the Department would not come up to full staffing until February. He said as it is, the Department came to full staffing in November and as it is now, the attrition rate has been greatly reduced and because of those two points it is necessary to request this supplemental appropriation for the amount stated or the Department will not be able to pay its officers for about two months.

Commissioner Nelder then moved approval, it was seconded by Commissioner Daly and unanimously approved.

PRESENTATION OF MEDAL OF VALOR AWARDS AND CERTIFICATES

Commissioner Sanchez said this Item #3 is the Department's presentation pertaining to the Medal of Valor Awards and Certificates. He said on behalf of the Police Commission he wished to share with all of the recipients the full congratulations of the Commission on a job well done.

He then turned over the gavel to Commissioner Toler who chaired the Awards Committee on the date the Awards were approved.

Commissioner Toler said, "Thank you Mr. President. I have been a member of this Commission for almost five years and I have had the opportunity of Chairing this Committee many times presenting to the officers who have really performed outstanding police work for the City and County of San Francisco. Each time I serve, I become even more proud of this Department and its performance under the leadership of Chief Murphy and his outstanding administration. But nevertheless, I am sure you as parents and loved ones, must also be proud. I had the opportunity to serve most recently as Chair of this Committee and to hear the account of each incident makes you really feel good about this Department."

As far as practicing restraint and being courageous, I could not have asked for any better type of performance from the men and women of the Department.

At this particular meeting we granted six silver and 11 bronze Medals of Valor and five Meritorious Conduct Certificates. The only thing I can say is that we are proud of you and we commend you for a job well done. And as I said, the City and County of San Francisco, its citizens that is, should hear and know about these things. Often times we only hear about the bad things but again we have so many great things happen in this Department that it would make everyone proud if they only had a chance to hear of the account of each incident as you will hear this evening."

At this time Mr. President, I would like to present to you the Officers who have performed above and beyond the call of duty for this City.

Commissioner Sanchez thanked Commissioner Toler and stated that prior to the presentation there would be a few words also from the rest of the Commissioners.

Commissioner Murphy in her response said she was probably in many ways the most senior of the Commissioners and that this ceremony is one of the few wonderful duties the Commissioners have to perform. She said she was extremely grateful to the awardees for their demonstrated valor and commitment of dedicated service to this City.

Commissioner Daly said this is an excellent opportunity to express not only the Commission's pride but also the pride of the citizens of San Francisco. She said it is important that all of the members of the Department understand that during those moments when they have performed above and beyond the call of duty it is greatly appreciated. Many lives have been saved by putting their own lives on the line but they do this also everyday when they go to work. She said they also appreciate the members loved ones and their families whose love must make them stronger which is displayed by their characters. She said San Francisco really does appreciate them and this is a good opportunity for the Commission to let them (the Awardees) know. She said the job really does get gray sometimes, but, the job really does get done when it is important. She then offered her sincere thanks to all of them.

Commissioner Nelder said that he certainly wanted to concur with every thing that has been said here tonight. He said the recipients of the awards have done an outstanding job.

He said it is, as has been stated, one of the more pleasurable duties that the Chief and the Commission has to perform. He said he is always delighted to be part of, or take part in, the presentation of these awards. The awards were presented to the following.

APPROVAL OF CONSENT CALENDAR

Mr. Julius Zamacona came before the Commission and registered his continued objection to the installation of a Yellow Zone for the premises by the name of DiJohn's at Mission and Norton Streets.

Commissioner Nelder advised him that the Department had conceded to reducing the proposed zone down to only one car length which was a decrease in length of 2/3rds from the original proposed installation. He said he would suggest in the form of a motion that Sergeant Newlin confer with the Community Relations Division and have Captain Jordan send someone to the Community Relations Meeting that is scheduled at the Ingleside Police Station next week to explain to the people out there in order to get an understanding as to what the Community desires regarding this issue and bring it back to the Commission. This was considered to be a motion by Commissioner Nelder, seconded by Commissioner Daly and unanimously approved.

REQUEST FOR A SUPPLEMENTAL APPROPRIATION AMOUNTING TO \$225,000, TO FUND LEGAL SERVICES PROVIDED BY THE CITY ATTORNEY

Deputy Chief Shannon said that the Department had budgeted \$673,169.00 in the 82/83 budget and is now over expended by much more than the \$225,000. He said in fact it is over expended by some \$3,000,000 and the City Attorney's request for a supplemental appropriation is for only \$225,000 to partially compensate for their particular cost. He said next year the Department is budgeting over \$900,000 dollars to the City Attorney's Office and hopefully will not later get into this bind.

Commissioner Sanchez said that the Commission would like to at least review an itemized account to find out how the Department has expended funds in utilizing the City Attorney's Services.

He said in that respect he would like an itemized account to be presented to the Commission prior to next weeks meeting and decide at that time as to whether or not to approve or disapprove the Supplemental Request.

A motion was then made to half the matter over for one week, seconded and unanimously approved.

PUBLIC HEARING REGARDING SAN FRANCISCO POLICE COMMISSION'S
POLICY ON APPLICATIONS FOR DECLARATIONS OF PUBLIC
CONVENIENCE AND NECESSITY FOR THE ISSUANCE OF MOTOR
VEHICLE FOR HIRE PERMITS

Commissioner Sanchez said that at the last meeting the Commission had, regarding this matter, made numerous request to the staff to produce data on this item which would enable the Commission to better understand the ramifications of either maintaining the Commission's old policy or taking the new interpretation that has been issued by the City Attorney's Office giving the Commission the option of rescinding that policy.

Police Officer Lamont Suslow then gave the Commissioners a brief overview of the statistical report he delivered to the Commission Office earlier in the day.

Thereafter, Mr. Steven Diaz, Deputy City Attorney, responded to further questioning from the Commission and specifically responding in the affirmative to Commissioner Nelder's statement that Mr. Diaz had done a 180 degree reversal of his original opinion as to getting rid of a list of applicants and beginning a new list after each Public Convenience and Necessity Hearing.

Commissioner Toler then stated that the Police Commission finds itself in a no win situation. He said had they known four years ago that they had the discretion to have a single list of applicants which would remain in perpetuity they never would have adopted Police Commission Resolution #1026. He said at this point the Commission has to act, it can't continue to vacillate back and forth.

At this time Commissioner Daly moved to rescind, revoke, repeal and or erase, Police Commission Resolution #1026 which would be in lieu of the new City Attorney's Opinion. She said also, she would like to suggest that this Department review the list once a year to make sure that it is kept up to date and everyone on it still wishes to be considered for a permit and that the list be one continuous permanent list, and that any applicant that is on that list, be refunded their money as soon as possible. After further discussion, the motion was unanimously approved.

Mr. Diaz then said that the Commission has now made its policy clear, that there will be one continuing list. He said if the Commission wants to adopt the specific language, that's obviously in the Commission's discretion. He said; "but I would commend to you specific language which does do that, and it has been drafted and it is before you."

Commissioner Nelder said, what the Commission should do is what it has done tonight and let it stand.

He said he would recommend this draft be submitted to the Commission for study and action at next weeks meeting.

(THE ENTIRE TEXT OF DISCUSSION WAS TAKEN IN SHORTHAND FORM BY BONNIE MORTLEY, CSR AND A TRANSCRIPT OF THE PROCEEDINGS IS ON FILE IN THE OFFICE OF THE POLICE COMMISSION).

The Commission then Adjourned its Meeting at 8:25 p.m.

APPOINTMENT OF REVEREND JAMES SANDMIRE AS POLICE CHAPLAIN
FOR THE SAN FRANCISCO POLICE DEPARTMENT

Commissioner Sanchez said the Commission has always been supportive of the recommendations and appointments of the Police Chaplains by the Chief of Police of San Francisco. He said this is an item that is going to be discussed by Commissioner Daly and the appointment, under the Rules and Procedures, will be by the Chief of Police.

Commissioner Daly said that many are here tonight because they all share in a very special enrichment which has come to their lives through their association with the Reverend James Sandmire. She said Reverend Sandmire has demonstrated that he understands what humanity is all about regardless of race, or creed, color, sex, sexual orientation, age, or marital status. She said he even understands the humanity of those who wear blue uniforms and dons the star of the San Francisco Police Department. She said Reverend Sandmire has serviced the Police Departments over the years in California and has demonstrated the unique grasp of understanding the problems that are experienced by law enforcement officers and their families. She said the office of the Police Chaplain represents a very serious commitment on the part of its deepest appreciation in that the Reverend is willing to devote his time, energy and attention to serving with the San Francisco Police Department. She said it is now with pride that she ask the Chief to swear the Reverend James Sandmire in as a San Francisco Police Chaplain.

Chief of Police Cornelius P. Murphy then swore him in as Chaplain for the San Francisco Police Department.

Reverend Sandmire, in addressing the Commission, Chief and audience, introduced members of his immediate family. He then said he would like to thank the Commission and Chief and continued by saying that he viewed this appointment as a very serious commitment. He said he has had a long involvement with the police department in this City. He continued by saying when he was previously the pastor of the San Francisco Church he worked productively with former Chief Gain and he now expects to continue that kind of productivity. He said he has visited district stations and has been involved in various ways over the years and considers this police department to be a very fine police department. He said it faces serious challenges from the community but he felt it has the leadership and the personnel to meet those challenges and that he hoped to be a resource in assisting them. He said he is a gay man and he is also a pastor of a church that caters to all people but administers primarily to gay people. He said he hoped therefore, obviously to be a resource to gay officers but also to others who may be having any kind of difficulties.

He said he wanted to make it very very clear to everyone that he does not consider this to be an appointment of a gay chaplain but that he was a clergyman and he was trained to administer to people no matter what their persuasions are. He said he hoped to be able to build a kind of sense of trust and credibility on the part of the officers so that they can view him not as a gay man but as a clergyperson that has resources that would be of assistance to them. He said to the Commission and Chief thanks once again for this appointment and that he hoped he would not disappoint them.

Commissioner Sanchez then called the next item involving the appearance of a number of handicapped persons who had been waiting for sometime to speak to the Commission on an item they felt was of grave concern to their safety.

MR. BILL PECK, REGARDING DISCUSSION OF VEHICLE PARKING ON SIDEWALKS

Mr. Bill Peck said this matter has to do with making the sidewalks more safe not only for blind and handicapped persons but also for children and especially the elderly. He said because of cars illegally parking on the sidewalks, it necessitates having to go out into the streets to get around them and thereby causing many persons to be injured. He said the problem also includes autos parking in bus zones. He said he has missed many busses because of this. He said many blind, elderly and handicapped people do not know whether to go in front of the car or behind it and if they stay on the sidewalk, the bus will, many times, pass them by, therefore creating a 10 minute or 20 minute, or even longer wait for transportation. He said he hoped that Dr. Sanchez, who is so vitally interested in this situation can persuade Chief Murphy and the men under him to take the proper steps to greatly improve the traversing of the sidewalks in San Francisco.

Commissioner Murphy said about two or three years ago this same subject came up and she suggested that the problem could be assuaged if certain people or anyone who wanted to had a little pad which would say, "you are breaking -----law and a carbon copy of this is going to the police department."

She said this wouldn't be anything they, the handicapped persons, would have to pay any attention to but then the police department would have a carbon copy of that little statement and they could be watching for it and she felt it would be a great deterrant. She then asked Mr. Peck how he felt about it.

Mr. Peck said it would certainly help, especially downtown.

Commissioner Murphy said it would, in the neighborhoods, also as she is one of those persons who can't get a bus because it can't come up to the curb frequently.

Mr. Peck again said it certainly would help and he also would suggest the media give these people warning because after all, this would be a new approach that the people who drive automobiles have not been aware of and his group does not want to see them get a ticket right away and yet maybe tomorrow they should have tickets if they keep on violating.

Other speakers who spoke on the same problem were Mr. Zigfried Gimnacher, and Mr. Clifton Jones of the CBCA Organization.

Chief Murphy said the Department has put out an Information Bulletin on this issue and that he has also instructed the District Station Captains to pay particular attention in addressing the sidewalk violations and hopefully this will clear it up.

REQUEST FOR A SUPPLEMENTAL APPROPRIATION AMOUNTING TO \$225,000 TO FUND LEGAL SERVICES PROVIDED BY THE CITY ATTORNEY

Mr. George Agnost, City Attorney appeared before the Police Commission on this item and asked the Commission to approve this supplemental appropriation. He said by the time the City Attorney's work is over with for this fiscal year, they will have rendered \$1,000,046 dollars worth of services to the Police Department so the Department is getting \$125,000 of service more than its paying for. He said services have increased because of the number of claims being made against police officers. He said he appreciates the fact that for the next fiscal year this Department has budgeted \$900,000 for legal services.

He said he hoped his Office will be able to live with it. He said at any rate he wanted to say that servicing the Police Department and working with the Police Commission has been one of the greater pleasures of his job. He continued by saying he considers this work about the most important works that is done by his office. He said he would urge the Commission to approve the supplemental appropriation.

Commissioner Murphy said she had some misgivings as to the amount of items the City Attorney has sent a Deputy to advise the Commission on some of the settlements of law suits that must be approved by the Commission before they can be paid. She said she felt that maybe a phone call instead of a visit would be appropriate thereby eliminating some of the cost for a personal appearance.

Mr. Agnost said he did not believe that the Department is charged each time one of his deputies appears to advise the Commission but he would certainly look into it.

Commissioner Daly said she would move approval of the supplemental appropriation because she felt the service was worth every penny of it.

Commissioner Toler seconded the motion and it was unanimously approved.

PUBLIC HEARING REGARDING SAN FRANCISCO POLICE COMMISSION'S POLICY ON APPLICATIONS FOR DECLARATION OF PUBLIC CONVENIENCE AND NECESSITY FOR THE ISSUANCE OF MOTOR VEHICLES FOR HIRE PERMITS

Commissioner Murphy said, "regarding the proposed new policy submitted for adoption by the Deputy City Attorney Steven Diaz, under Roman Numberial II c, and thereafter as it appears throughout the policy, "Proposition K, Section 2a, Section 2a of what? In other words I am asking if this was all that was needed to identify this particular section?"

Mr. Diaz: "That's Proposition K, Section 2a, and the way Proposition K is physically set up, 2a is all you need."

He said he would like to indicate to the Commission that the Department's Permit Section, pursuant to expressions of interest by Commissioner Daly and others at the last Commission Hearing on this issue and concerns on whether persons who failed to keep the Permit Section advised of any change of address and therefore might not be interested in remaining on the list could not be covered by these rules. He said he had drafted, at Officer Suslow's request, an additional paragraph which in essence would provide that any person who fails to give the Permit Section a notice of a change of address within 10 days of affecting such a change will have created grounds to have their application denied which would allow the Commission to keep a clean and orderly list.

Commissioner Daly and Murphy indicated that they would like to extend the 10 day period to 15 days. Commissioner Daly said also she would like to know what could be done about people who found themselves on three list with three investments. Mr. Diaz said that in the annals of forms in various offices at City Hall a particular form has been located to provide for refunds of excess application fees and anyone who has applied twice for the same permit would fall into that category. He said he will coordinate his effort with personnel at the Controllers Office and thereafter make that form available both to the Permit Section and to the City Attorney's Office for all persons who think they may be eligible. He said the other question that was raised by Commissioner Murphy last week regarding those persons who applied but might not have applied if they had known that there was going to be a continuing list is a question that cannot be answered without further study by his office and that of the Controller. He said he would report back next Wednesday to the Commission with the answer to that question. He said, however, the form that he has just mentioned will be available.

Commissioner Murphy then said she would move that the Commission adopt the new policy with an amendment to the title by removing the word "on" and substituting the word "regarding" and also the last paragraph where the notification states 10 days to be changed to 15 days. Commissioner Daly seconded and it was unanimously approved. Mr. Diaz said that with the Commission's permission he would make those changes in the document at his office and specifically the duty to keep addresses posted as paragraph 1 c and he would re-number 1 c as 1 d, because that is where it talks about forms and where they shall be delivered and, etc.

Commissioner Sanchez: "Last time we had discussion pertaining to applicants on some of the list pertaining to Public Convenience and Necessity. This resolution we have now voted upon clarifies the process and procedure. What action must the Commission consider in order to comply with out Public Convenience and Necessity Hearing that we started and held over until this policy was hereby adopted?"

Mr. Diaz: "All persons on the one list which commenced at some time in 1979, I believe, need to be noticed and given the opportunity to be heard because the Commission is holding bi-furcated hearings and any person satisfied with the quantum and quality of evidence adduced before you as sufficient need not appear and offer additional testimony they may adopt the record for their own presentation."

Commissioner Murphy: "I thought we got rid of those bi-furcated things."

Diaz: "Commissioner, if you do, each individual applicant will have to prove public necessity and convenience seriotomy and the reason for not doing it that way is to save you and them time and trouble and expenses."

Commissioner Murphy: "Okay, now when is the next bi-furcated meeting after this one?"

Mr. Diaz: "You have continued the present hearings to next Wednesday night."

Commissioner Murphy: "Yes, I know that but then after that there is there a six month span?"

Mr. Diaz: "Yes, six months for the taxi cabs and you are on different schedules of course for limousines, sight-seeing busses and etc."

Commissioner Murphy: "Taxicabs only, a continuation. Thank you, okay next item."

RESOLUTION NO. 585-83

RECOMMENDATION OF THE CHEIF OF POLICE THAT THE POLICE COMMISSION ACCEPT A VAN FROM THE SAN FRANCISCO POLICE OFFICERS' ASSOCIATION FOR USE BY THE COMMUNITY RELATIONS YOUTH PROGRAM

Lieutenant Tim Thorsen of the Community Relations Section of the Community Services Division along with Sergeant Al Casciato, President of the San Francisco Police Officers' Association, said this was a much needed item that is being donated at the Department and will be used to transport officers and others involved in the many programs undertaken by the Community Relations Sections and Community Services Division. Commissioner Sanchez said at this time on behalf of the Commission he would like to congratulate Sergeant Al Casciato for his recent election victory to the presidency of the San Francisco Police Officers' Association. He said the Commission looks forward to his creative leadership and lines of communication in serving San Franciscans and our officers in the San Francisco Police Department. Sergeant Casciato said that on behalf of the Police Officers' Association he would like to present the Van to the Department. He said it is really a pleasure that they are able to do this and also what they have planned to do in the future, when the Van is appropriately painted, they are going to, along with the Community Services Division, go out to Woodrow Wilson High School and hold a press conference. He said at this time he would like to invite the Commission and Chief to attend this press conference which will at the time, be a formal presentation of the Van to the Department and it will have it's maiden voyage with Woodrow Wilson High School students on that Commissioner Murphy said she would move that the Commission accept with great pleasure this Van from the San Francisco Police Officers' Association. Commissioner Daly seconded and it was unanimously approved.

APPROVAL OF MINUTES OF THE MEETING OF JANUARY 19, 1983
JANUARY 26, FEBRUARY 2, FEBRUARY 8, FEBRUARY 9, and
FEBRUARY 16, 1983, THE COMMISSIONERS HAVING RECEIVED, AMENDED
AND RETURNED COPIES OF SAME.

APPROVAL OF CONSENT CALENDAR

Sergeant John Newlin from the Traffic Survey Division advised the Commission that a Mr. Casper speaking against the Department's recommendation on Item 12 and Mr. Zamacona, is here and that prior to the meeting he had informed the Sergeant that he (Zamacona) was not sure as to whether he would want to speak or not.

Mr. Donald Casper then came to the microphone to speak on Item 12, of the Traffic Calendar, the Super Star Market at 855 Bush Street. He said this market has enjoyed a yellow zone of 45'. He said it needs a yellow zone of 45' because it buys groceries in bulk. He said the groceries are delivered in trucks and trailers which often times extend 40' or more in length. He said this market has now found itself buttressed by two hotels which were apartment buildings and has now been turned into hotels. He said one of the hotels has requested a zone that would extend in the front of the market. He said all they were asking was that instead of extending the hotel loading zone east in front of the Super Star Market is that it be extended west, which would then require the removal of a parking meter or two.

He said that Market does enjoy the use of the yellow zone but, not only that it is also needed.

Sergeant Newlin, in responding, said the Department has had a request from one of the hotels, the French Hotel for a white zone. He said the current yellow zone as it exist is partially in front of another hotel further down the block.

He said what his unit proposed is reducing the zone just west of the hotel from 22' to 20', clearing a 20' white zone in front of the hotel which would extend partially into the property line of the Super Star Market and reducing his current yellow zone which is 46' to a 28' yellow zone which would be flanked by a 20 and 22 foot white zone which provide adequate access for smaller delivery trucks to pull in and out. He said it is always the intent of the Department not to eliminate any parking meters because parking for all the general public is sorely needed.

Commissioner Nelder advised Mr. Casper to explain to his clients that the Department's recommendation would be approved and that they should work this situation out on a cooperative basis. He said if that doesn't work he (Casper) should bring it back before the Commission. Commissioner Murphy then moved for approval of the entire Consent Calendar, and it was seconded and unanimously approved.

Commissioner Sanchez said he wanted to thank all of his fellow Commissioners for the many many hours spent in this very important process and especially Vice-Chairperson Murphy and Commissioner Nelder for heading up this task force which had done a great deal of the scut work for the process to get off the ground. He then wished Mr. Swann the best of luck.

Mr. Swann: "Well, I wish to thank the Commission for selecting me and you can rest assure that I will do everything that is possible to justify the faith that you have placed in me. I look forward to the challenge and opportunity to coordinate and make the institutions of San Francisco work better for its citizens. Thank you."

CHIEF'S REPORT TO THE POLICE COMMISSION

Deputy Chief Shannon advised the Commission that there would not be a Chief's report tonight.

RECOMMENDATION TO THE CHIEF OF POLICE THAT THE BOARD OF SUPERVISORS PLACE ON THE NOVEMBER BALLOT A CHARTER AMENDMENT EXTENDING THE PROBATIONARY PERIOD FOR POLICE OFFICERS PROVIDED FOR IN CHARTER SECTION 8.340

Deputy Chief Shannon said that currently the Charter states that a police officer's probationary period is one year from the date of his employment in the police department.

He said the Department's training now for recruits is almost six (6) months long from the recruit training period through the field training period. He said the Department has experienced some cases where officers are injured, be it, on or off duty, and there was no method to extend their probation under the current Charter provision. He said this is a request that the Commission approves the attached Charter Amendment and forward it to the Board of Supervisors which if approved, would allow the Department to extend the probationary period to approximately 18 months. He said, but also, in a case where a person for some reason has his training delayed that period would then be extended. After further discussion this Item was unanimously approved.

RESOLUTION NO. 611-83

CHARTER AMENDMENT TO SECTION 8.340

WHEREAS, Charter Section 8.340 established the probationary period of members of the uniform rank of the police department to one year, and

WHEREAS, the period of training of new police officers extends for a total of eight months, leaving only four months of the present probationary period to permit on-the-street evaluation of police officers, and

WHEREAS, it is the determination of the Chief of Police and the Police Commission of the City and County of San Francisco that this period of time is not sufficient to evaluate the abilities of recently hired police officers; therefore be it

RESOLVED, that the Police Commission of the City and County of San Francisco hereby request that the Board of Supervisors of the City and County of San Francisco submit to the voters and recommend for their adoption the attached amendment to Charter Section 8.340.

PUBLIC HEARING REGARDING PUBLIC CONVENIENCE AND
NECESSITY FOR THE ISSUANCE OF TAXICAB PERMITS (CONTINUED
FROM MEETING OF MAY 4, 1983)

Commissioner Sanchez said, "This is a continuation of the taxi hearings, and that there is information to be disseminated pertaining to the request of the Commission from legal counsel about possible refunds and what the process will be if, in fact, they are available or not."

Officer Farrell Suslow of the Permit Section responded by saying that the forms have been prepared, the refund blanks, by the City Attorney's Office will be available to all of those who believe they have a refund coming to them. He said they will be available in Room 458 in the Hall of Justice, the Permit Section beginning at 9:00 a.m. on Friday morning, this Friday morning.

Mr. Steven Diaz of the City Attorney's Office said that there are two categories of claims and one is excess payment, people who paid more than once and the other is erroneous payments, persons who have applied under misapprehension of where they would be if they submitted an application.

He said there are two different forms that have been prepared, fully filled out, except that the particular claimant will have to add their own name, address, the date they paid, and they will have to sign the request. He said it will then be reviewed by the Permit Section and then countersigned by the Chief and submitted to the Controller.

Commissioner Daly suggested that the Department send out a press release not only for the benefit of those who might wish to apply, but for the general citizenry that has remained fairly confused about what the process is.

Commissioner Murphy commented on the material submitted to the Commission from the Permit Section in that having just received it this afternoon the Commissioners would be unable to utilize it at this time for this meeting.

Commissioner Sanchez said basically this is a continuation of the Commission's on-going hearing for Public Convenience and Necessity. He said the data was requested from the Department so that it would help the Commission to decide if there is a need to either increase, decrease or maintain the present number of permits. He said some people are here tonight who may wish to speak to the Commission on the issue and if so they should come to the microphone, state their name and if they are speaking for or against the issuance of additional taxi cab permits. He said if they have spoke on the issue at previous hearings it is hoped they would not repeat themselves as the Commission does have the record of previous testimony and will be reviewing it as it has done in the past. He said therefore, and once again, please state your name, if you are speaking on behalf of any individual or group and your comments. The speakers are as follows:

1. Karen Musello, Attorney at Law, who said she was representing some individuals on the first list. She suggested the issuance of more permits to make a livelihood for more people and create positive effects in terms of the socio-economic aspect.
2. Mr. James Vercado, he said he lives in a part of town where cabs are hard to get. He said he could care less about the cab service for hotels that there should also be service for people who live in the southeastern part of San Francisco who cannot get decent bus service.
3. Mr. Yosedek Desta, presented visual aids and expounded on each in an attempt to prove Public Convenience and Necessity for the issuance of additional cab permits.
4. Ms. Beverly Graffis, taxi driver, she said she was making less money than she was making a year ago and she is making less money because there is not enough business out there and if there isn't enough business, the need does exist for more permits.
5. Ms. Frieda Johnson, said she believed more cabs are needed as she was waited for cab transportation at 30th Street and Mission Street, many, many times after calling some of the more reputable companies and they never came.
6. Mr. Stan Kramer said, he works for Yellow Cab and he came here to speak tonight because he felt that if any additional permits were issued his income would decrease that much more.

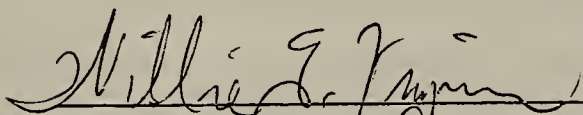

Other speakers were Mr. Elwyn Peckham and Mr. Jerry Smith.

After listening to testimony from the above speakers (the entire matter was taken in shorthand form by Bonnie Mortley, C.S.R., and a transcript of the entire context is on file in the Office of the Police Commission) the Commission continued the hearing of Public Convenience and Necessity for the issuance of Taxi Cab Permits to June 22, 1983.

Commissioner Sanchez said any applicant who is on the list and who has not had an opportunity to speak before the Commission regarding this issue will have an opportunity to speak at that time. He said for those who spoke before, they will have an opportunity to submit in writing to the Commission any other additional information they may wish to submit.

Commissioner Murphy then said; "I want to move that we adjourn in memory of Tom Mellon who was our Administrative Officer and former Police Commissioner and a very dear friend of this City. And I so move to have a moment of silence, please. (A moment of silence was observed).

CHIEF'S REPORT TO THE POLICE COMMISSION

Deputy Chief Eimil informed the Commission that Chief Cornelius P. Murphy was away in Germany and during his absence he (Eimil) would be Acting Chief.

POLICE COMMISSION REPORT

RECOMMENDATIONS OF THE AWARDS COMMITTEE - ADOPT WITH CONSIDERATION OF UPGRADING: M. DELGADILLO; D. FAINGOLD; AND J. GOLDBERG

Commissioner Murphy said she had served as Chairperson for that meeting and it was a very interesting group of awardees. She said there were three that she thought should be increased. Two were for Bronze Medals of Valor which she wanted to raise to a Silver Medal of Valor. She then gave a brief synopsis of the events the Officers were involved in and the reasons why she was therefore making a motion for the increases. The Officers involved were M. Delgadillo, D. Faingold and J. Goldberg. Also one Silver Medal of Valor to a Gold Medal of Valor.

Commissioner Nelder requested that the matter be continued for one (1) week to give himself a chance to review the records and give the other Commissioners an opportunity to read the applications before voting one way or another for the recommended increases. The matter was then moved one (1) week for final approval.

Commissioner Sanchez said at this time he wanted to announce that the Police Commission met in Executive Session pertaining to litigation and no vote was taken. He said on another subject matter which is regarding the sidewalk blue zones and bus zones parking problems, and how it effects the handicapped people and children. He said after having some of these people appear before the Commission, and thereafter obtaining a certain amount of Press coverage on the problem, there seemed to have been good and adequate enforcement, but it now seems that the same problems are cropping up again, making it very difficult for the handicapped, elderly and children. He said Chief Murphy had stated that he would see, the last time, if three wheelers from the various stations could be assigned to combat the problem.

He said, to Deputy Chief Eimil, who is currently Acting Chief of Police, that he hoped he would look into it to make sure that all districts of the City are in compliance with the Order and are vigorously citing all violators in an attempt to alleviate the problem. Chief Eimil acknowledged and said he would look into it.

Deputy Chief Shannon advised the Commission that a while back they adopted a resolution that requested the Board of Supervisors amend the Police Code which would allow the Police Department, on an annual basis, to adjust the fee at the Police Range for training based on cost. He said this was reviewed by the Board of Supervisors and they felt they wanted to keep that prerogative. He said they did say that they felt that the amount should be raised, specifically stated as to how much to indicate the proper cost. So therefore, he said, the Department is now re-submitting a specific request for a resolution to the Board of Supervisors stating the fee to be paid by people requiring training under Section 832 of the Penal Code Course raising it from \$42.00 to \$102.00, to reflect the new cost for two days training at the Police Pistol Range.

RESOLUTION NO. 632-83

AMENDING PART II, CHAPTER VIII OF THE SAN FRANCISCO MUNICIPAL CODE (POLICE CODE) BY AMENDING SECTION 1351.1 THEREOF, RELATING TO FEES CHARGED AT THE POLICE RANGE

WHEREAS, the San Francisco Police Department is authorized to conduct training at the Police Range; and

WHEREAS, the San Francisco Police Department is authorized under current legislation to charge up to \$42.00 for training in the use of firearms at the Police Range; and

WHEREAS, the current amount does not cover the costs associated with the personnel and facilities of the use of the Range for training of outside personnel; and

WHEREAS, the effective and timely charges associated with such training must be increased to cover the minimum costs necessary; and therefore be it

RESOLVED, that the Board of Supervisors is requested to adopt the attached amendment of Section 1351.1 of the Municipal Police Code, which will allow for an annual revision of the fees associated with use of the Police Range for the training other than San Francisco Police Officers and auxiliary officers.

ISSUE A MOTORIZED CABLE CAR OWNER PERMIT TO MR. CARO G. MARTIN

Officer Farrell Suslow of the Permit Section said Mr. Martin has appropriately filed his application for a motorized cable car permit and the Department is recommending that it be granted. He said Mr. Martin and his Counsel is present tonight.

Mr. James Thompson, Counsel for Mr. Martin, said the operation will take four persons to drive for two shifts, 8 to 4, and 4 to 12, however, he (Martin) does not feel he will be using it that much but would still like permission to do so. He then read the proposed route of operation to the Commission. (The route as outlined is on file in the Police Commission and Department's Permit Section files.) After further discussion, Commissioner Nelder said he was surprised that the Muni and others aren't here to protest it but in as much as they are not he would move for approval. Commissioner Daly seconded and it was unanimously approved.

RECOMMENDATION OF THE CHIEF OF POLICE THAT THE POLICE COMMISSION ADOPT AN AMENDMENT TO THE MUNICIPAL CODE (POLICE CODE) BY ADDING ARTICLE 34 REGULATING EMERGENCY ALARM SYSTEMS AND PRESCRIBING PENALTIES FOR VIOLATION OF THIS ARTICLE

Captain Frank Jordan of the Community Services Division appeared and addressed the Commission on this item. He reminded the Commission that three or four months ago he appeared before the Commission with an Emergency Alarm Ordinance Fact Sheet and was instructed after that meeting to put together an ordinance that would be brought before the Commission so that it could be approved and pursued through the Board of Supervisors in the form of a resolution. He said there are present tonight some alarm company representatives who will want to speak after the proposal is reviewed once again. He said the ordinance itself was based on the fact that this Department has approximately 30,000 alarms installed in this City with sales moving steadily upward. He said there are also 39,100 alarms each year involving police response. He said this was based on a survey involving three months of the beginning of this year. He said it turned out that out of the 39,100; 38,000 were false alarms which turns out to be a total of 97 per cent of all alarms. He said they also noticed that 112 alarms out of 115 per day are false and ties into being 84 per cent commercial involving police response and 16 per cent residential involving police response. He then cited a number of reasons for the false alarms and said that each time a police officer responds to an alarm it takes eleven minutes of his or her time. He said this averages out to be approximately 21 hours per day, per officer, with a cost including supervisory and communications, in excess of one million dollars a year.

Commissioner Daly said the Commission does want to hear everyone who has come here tonight but she felt the entire Commission should be present before a decision is made on this.

Commissioner Murphy then invited those persons who were present and desired to speak on the issue to come forth and give their name and who they may be representing. The speakers were as follows:

Mr. Jack McAvoy, CAST Security Systems located in Oakland, California

Mr. Roger Westfall, Bay Alarm Company, in Oakland California

Mr. Bill Ceresky, President of the North American Alarm Company, San Francisco, California

Sergeant Peter Libert, Police Department's Community Services Division and the person responsible for conducting the survey on the number of false alarms, in answer to Mr. Ceresky's question, and doubt of 97 per cent false alarm rate, stated that the figures from that survey are accurate. He said the way he arrived at that figure is when he conducted the survey he ran the address and if a crime had been reported, then it would have reflected it in connection with the alarm, therefore, the 97 per cent false alarm rate is an accurate figure.

Mr. Ceresky thereafter said he would conclude with the fact that his company stands with the service of the Police Department and the industry to assist in the reduction of false alarms. He continued by saying they hate false alarms also, and that they have been at war with false alarms for a long time and could use all the help that they can get. He said any reasonable ordinance, at least in their company's perception, would be supported and they would certainly not be against it. He added that it was the punitive fines and the short amount of leeway that they objected to in that it neglects to consider human error.

Mr. Phil Dollison said his company has a policy where if the owner of a system installed by them, has it go off false and the owner fails to notify the company, then there is a \$40,00 charge. He said, however, if they notify them and it has gone off for some unexplained reason or by an act of god, then there is no charge. He said his company advocated a system such as that in Oakland, California, and that is a no response type ordinance.

After further discussion, Commissioner Murphy said it is quite obvious that this matter needs to be discussed further and requested Captain Jordan to give the Commission another report prior to the matter being entertained on the Commission Calendar.

The matter was then continued for four weeks with Captain Jordan promising to prepare a report for the Commission after meeting with representatives of the various alarm companies in the Bay Area.

THE MEETING WAS THEN ADJOURNED AT 6:58 PM

POLICE COMMISSION REPORT

a) Discussion regarding Psychological Testing Procedures.

Commissioner Murphy said that there was an article in the paper regarding a contract for psychological testing of recruits and it appears that none of the Commissioners were involved in its development or even notified of its being considered by the Civil Service Commission. She said some time back, the Commission knew of funds being set aside in the budget for such a program but as far as the actual program is concerned, none of the Commissioners ever had the opportunity to review it. She said she spoke with Dr. Sanchez, who is a practicing psychologist and he indicated he was also concerned. She said she also spoke with Mayor Feinstein who said she had not requested this testing procedure but she was very much in favor of it. Commissioner Murphy said she would like to go on record stating that she was not opposed to some kind of an assessment of a persons personality in arriving at a decision as to whether this person may become a good police officer or not, but the Commission should have some input or involvement of the actual program in its developmental stage. She said the Commission now has the proposal and hopes that it has been capsulized so that it may be perused and understood without having to read the entire contents. She said to Deputy Chief Shannon that she does have some knowledge of it now that she didn't have before, but she would like for it to be calendared for full discussion on the 29th of June. Deputy Chief Shannon apologized and said it had been mentioned to the Commission in some form or another a couple of times and that the Department thought it had put it on the Commission agenda before for discussion. However, he said, the Department would place it on the Commission agenda for the 29th and have Dr. Michael Roberts, the psychologist who is involved and Sergeant Alan Benner of the Police Department present and there and then undertake a full discussion at that time.

CHIEF'S REPORT TO THE COMMISSION

Deputy Chief Eimil said the Chief was in Washington DC for a seminar and would be back on July 1, 1983.

Commissioner Nelder said he thinks when the Chief is scheduled to leave town that those matters should be placed on the calendar notifying the Commission of such intentions. He said his point is that it is too difficult to remember those things unless it is put in writing and placed on the Commission agenda. Deputy Chief Eimil said he would advise the Chief of the Commission's concerns regarding this matter.

REQUEST OF MR. MORTIMER MCINERNEY TO ADDRESS THE POLICE COMMISSION REGARDING PATROL SPECIAL OFFICERS IN THE CENTRAL POLICE DISTRICT AND POSSIBLE VIOLATIONS OF PATROL SPECIAL RULES AND PROCEDURES

Lieutenant Frazier said that although Commissioner Sanchez is absent, the Commissioners request that his colleagues continue the matter off calendar and schedule an Executive Session meeting to deal with it.

Commissioner Murphy asked if this might be a violation of the Brown Act and how would it be placed on the Commission Agenda. She was then advised that it was a Personnel Matter and would be placed on the Agenda announcing it as such.

Commissioner Nelder said the Commission did not want to deprive anyone who desired to address the Commission at a public meeting but if Commissioner Sanchez made that request he felt that it should be adhered to.

Commissioner Murphy said she agreed also as long as it didn't violate the Brown Act. She said at this time she would like to announce that the Commission meet earlier today in Executive Session and no vote was taken.

PUBLIC HEARING REGARDING PUBLIC CONVENIENCE AND NECESSITY
FOR THE ISSUANCE OF TAXICAB PERMITS. (CONTINUED FROM THE
MEETING OF MAY 25, 1983)

Commissioner Murphy said that this will be a continuance of the previous hearing with testimony to be presented.

Officer Farrell Suslow said to the Commissioners that he believed that the Commission had concluded acceptance of all public testimony at the Meeting of May 25, 1983 and at that meeting the Commission asked the Department to provide answers to specific questions posed by the Commission. He said they had done so and the Commission has the packet in its possession now. He said he would answer any questions the Commissioners may have in this regard.

Commissioner Nelder stated that the Commission probably wouldn't take action without the other two Commissioners being present this evening. He then asked his colleagues if it was their intention to hear additional testimony.

Commissioner Murphy said no and advised those persons in the audience that at the previous meeting on this matter, Dr. Sanchez had told them if they had anything more to add to these hearings that they present it in writing and that is what they must do tonight. She also advised those persons who indicated they had petitions to submit them to Lt. Frazier, who would duplicate them for all of the Commissioners and the matter would be placed on the Commission Agenda in two weeks for a possible decision in regard to the matter.

Commissioner Nelder said he would make a motion that this matter be continued for two weeks for determination and any and all people who have something to submit please submit it in writing and the Commission will certainly read it and consider it. The motion was seconded by Commissioner Toler and unanimously approved.

RESOLUTION NO. 719-83

DECISION - HEARING OF POLICE OFFICER ANTHONY C. DiSTEFANO
PARK STATION

WHEREAS, on March 28, 1983, Cornelius P. Murphy Chief of Police of the San Francisco Police Department, made and served charges against Police Officer Anthony DiStefano as follows:

SPECIFICATION NO. 1

- (a) At all times herein mentioned, Anthony C. DiStefano Star No. 764 (hereinafter "the accused"), was and is a police officer appointed June 22, 1981, employed by the San Francisco Police Department. The accused, at the time of this incident, was and still is, assigned to Company F - Park Police Station;
- (b) As a police officer, the accused was and is responsible for knowing and obeying the rules, orders and procedures of the San Francisco Police Department and the law of the State of California;
- (c) On December 27, 1982, at or about 0130 hours, the accused, while off duty, was involved in a dispute with several citizens on the street in the vicinity of Battery and Pacific Streets in the City and County of San Francisco;
- (d) The dispute escalated to a physical altercation and during this altercation, one of the citizens forcibly took the accused's handgun -- a Smith and Wesson .38 calibre revolver with a 2½" barrel -- from the accused when the accused threatened two of the citizens with it;
- (e) The citizens and the accused left the scene of the dispute, with one of the citizens in possession of the handgun which belonged to the accused;
- (f) On or about December 27, 1982 at 0430 hours, the accused responded to Park Station to report that the handgun had been stolen from his automobile which at the time of the theft had been on loan to his brother Frank C. DiStefano. The accused filed a San Francisco Police Department Incident Report which stated that on the date and at the time and place alleged in paragraph (c) above, his automobile was boosted and that his handgun has been stolen from said automobile. Said report was approved by a sergeant at Park Station;

- (g) The accused knew that the incident report he filed was false;
- (h) The California Penal Code Section 148.5 makes it a crime to make a false report of a crime;
- (i) As a police officer, the accused has a duty to prevent crime at all times. Notwithstanding this duty, the accused, by becoming engaged in a dispute with citizens which resulted in one of the citizens taking his gun and then filing an official police report that it had been stolen from his parked car, the accused not only failed to prevent crime, but actually engaged in criminal conduct which constitutes a violation of Rule A-2 of General Order D-1 of the San Francisco Police Department which states:

"Officers shall, while off-duty, take all reasonable steps to prevent crime, detect and arrest offenders and protect life and property that are consistent with the officers' ability to take proper action at the time in question."

SPECIFICATION NO. 2

- (a) Each and every allegation contained in paragraphs (a) through (g) inclusive, of Specification No. 1 are hereby incorporated by reference as though each were fully set forth herein;
- (b) The accused was questioned at the Internal Affairs Division regarding the above incident after the father of one of the citizens involved brought the accused's handgun to Southern Police Station;
- (c) When questioned regarding the incident by the Internal Affairs investigator, the accused denied that he had threatened the citizens with his gun and denied that it had been taken from him;
- (d) The accused's failure to respond truthfully when questioned about this incident constitutes a violation of Rule A-21 of General Order D-1 of the San Francisco Police Department which states:

POLICE COMMISSION REPORT-CONTINUED TO AUGUST 17,1983

a) Discussion regarding Psychological Testing Procedures

Commissioner Murphy said she had done some research on the psychological Testing Procedures Proposal and believes that it is of such importance that it should be continued until at such time the Chief returns and there after, all of the Commissioners should have had a chance to study it closely and be prepared to undertake an in-depth discussion of the proposal's contents. She said she would move that a letter be sent to the Civil Service Commission asking them to take it off their calender until this Commission has made a decision on it. Commissioner Nelder seconded and it was unanimously approved.

AYES: Commissioners Daly, Toler, Nelder, Murphy, Sanchez

CHIEF'S REPORT TO THE POLICE COMMISSION

Deputy Chief Eimil said the Chief would be back Friday from Wasington D.C. At this time Commissioner Daly said she wanted to bring up something also under the Police Commission Report. She said she wanted to express her personnal appreciation but express it also for the Gay Community of San Francisco, if there is such a thing, and all of the citizens of San Francisco for another extremely successfull huge demonstration and parade with no problems. She said it ran smoothly with probably the best community relations ever done. She said she wanted to thank each and every officer and each and every person who was responsible for it. She said it was just an amazing and wonderful thing to see this happen and that there are people out there who appreciate these things but never get a chance to say thank you. She said she also wanted to give special thanks to Deputy Chief George Eimil who cooly and calmly assesses a situation and helps it along. She said it was just a wondeful day and the City should be proud of its Police Officers and those people whose conduct was exemplary during the parade.

Commissioner Murphy said she would make a motion that the Commission commend the Department personnel and especially Deputy Chief Eimil for the conduct and professional way in which the parade was monitored. Commissioner Toler seconded and it was unanimously approved.

Commissioner Nelder said that Deputy Chief Eimil advised the Commission in today's Chief's Report, that the Chief would be back on Friday, and he said he wanted, on behalf of the Commission to say that Deputy Chief Eimil, as acting Chief, has done an outstanding job in the absence of the Chief not only because of a Sunday Parade but, also during the entire period that the Chief was gone and the Commission should take a moment simply to thank Chief Eimil for a job well done, very professionally done and let him know that is was certainly appreciated.

Commissioner Sanchez said to Deputy Chief Eimil on behalf of the Commission he would again thank him for his highest degree of professionalism in carry out the leadership and administration of one of the finest Police Departments in the nation. He said Deputy Chief Eimil has continued this tradition and he would make sure that Chief Murphy is aware of it when he returns.

Sergeant Al Casciato, President of the the San Francisco Police Officers' Association said on behalf of the rank and file officers he thanked the Commissioners very much for their comments and he would make sure that they are reprinted in the San Francisco Police Officers' Association Newspaper. He then said this time Mr. Ralph Saltsman who requested that he read into the record the following telegram that will be sent to Chief Murphy in regard to the Holiday Compensation as there is a dispute as to the interpretation of the proposition on time and one half which passed last year.

(He then read the telegram which was distributed throughout the Department in a Police Officer Association Bulletin and is on file in the office of the Police Commission.) He said hopefully they would be able to get this matter resolved with the City Attorney's office prior to July 4, 1983.

Deputy Chief Eimil said the Department has had some problems as to the interpretation and has asked the City Attorney for a second opinion. He said an order is being issued tomorrow to inform everybody that the Department is asking for a second opinion from the City Attorney, the officers then will be compensated in time.

PRESENTATION OF MEDAL OF VALOR AWARDS AND
CERTIFICATES (1800 HOURS)

Commissioner Sanchez said at this point, he would like to share with the families who are present the fact that this is one of the highlights of the Police Commission Meetings and Ceremonies. He said it is an opportunity for the Commission to thank all for outstanding professionalism in the day to day operations of law enforcement in this City. He said each Commissioner has an opportunity to Chair the Awards Committee. He said the awards aren't just handed out it is a tradition that has been going on for over 100 years where your senior Captains, Commanders, Deputy Chief's and Chief sit as part of the Committee along with a Commissioner who serves as Chairperson.

to vote regarding awards that the officers are nominated for. He said there are many questions asked often times about Rules and Procedures, if they are followed promptly, response and other technical matters. He said it is almost like an inquisition sometime. He said there is a secret vote taken and the awards are therefore given. He said the last Awards Meeting was Chaired by Commissioner Murphy and he then turned the gavel over to her.

Commissioner Murphy said the important thing in this is the wonderful service that the citizens of this City receive from the officers of this Department. She said of her seven plus years on the Police Commission, this is the one function she feels she enjoys the most. She said in any event the Committee had a great group of officers to come before it. She said the Committee granted one Gold, several Silver and Bronze medals and some Meritorious Conduct Awards. She said to the officers present that it is a wonderful feeling to know that they are providing this kind of services and demonstrating exemplary bravery to keep the City and County of San Francisco safe. She continued by saying to them that the Commission is not only proud of them but are also obligated to them as this is the highlight of her role as a Police Commissioner. Other Commissioners, Commissioners Daly, Toler, and Nelder, responded in a likewise manner.

The Awards were presented to the following Officers:

Officer John R. Goldberg.....	Gold Medal

Officer Donald W. Woolard.....	Meritorious Conduct

Commissioner Murphy at this time said she would make a motion to set item 11, Hearing of Officer Bob C. Davis, ahead to a date to be determined convenient for all concerned. Commissioner Nelder seconded and Commissioner Sanchez "called" for discussion.

Mr. Steve Bley, Council for Officer Davis, said that Officer Davis was here tonight and has entered a plea and will not require a hearing. He said this had been a long protracted and emotional state for Officer Davis where it has been on and off again many times on the Commissioners Calendar. He said tonight it would only take a matter of 15 minutes to be heard. Commissioner Murphy informed Mr. Bley that the last time the Commission had someone submit a plea of guilty it took two hours to dispose of the matter. Commissioner Nelder said there isn't anything that the Commission can do in 15 minutes when it involves punitive action. He said, so, the motion here to continue the Davis matter until

at such time when an appropriate time can be devoted to it and do the proper thing rather than act in haste is wise and that is why he seconded the motion. He then said to the President, that he would call for the vote and move ahead as the following matter Tercero, Tercero, Kalinin has been on calendar many times, the Commission has devoted many hours to it and the Commission should move toward a conclusion first. It was then unanimously approved to set the Davis matter over to another hearing date. Commissioner Toler moved that the Davis matter be set over to July 20th, it was seconded by Commissioner Nelder and unanimously approved.
